Dear Valued Clients,

VLAS is committed to maintaining the highest standards of service and operational excellence. To streamline our processes and ensure consistent quality, we would like to inform you of a change in the handling of remote Annual Safety Inspections (ASI).

Effective immediately, all remote ASIs will be conducted exclusively by the Safety, Security, Quality, and Regulatory Compliance Manager at the VLAS office. This measure ensures that each remote ASI meets our stringent compliance and safety standards.

Additionally, any requests for a remote ASI must be submitted via email to technical@register-vu.com. Please include all relevant details to facilitate prompt scheduling and processing.

We appreciate your cooperation and understanding as we implement these changes to enhance our service delivery.

Should you have any questions or require further clarification, do not hesitate to contact us.

Thank you for your continued trust in VLAS.
